

Parish Register Entries

(Note: Before 1752 New Year's Day fell on March 25th. In these lists, if the year is given with a / (eg 1721/2) it indicates that the year was 1721 by the old reckoning and 1722 by the new. The register dates given are for those which have actually been consulted. Other registers may also be available. The International Genealogical Index is largely derived from copy registers rather than from the original registers. In most cases it covers only baptisms and marriages and finishes at 1812. The copy registers are those of the Devon and Cornwall Record Society, housed in the West Country Studies Library at Exeter, unless otherwise indicated. Barum denotes the Athenaeum at Barnstaple.)
